dedicated to criminal practice ◀

\*These examples are intended to serve as a general guide. There are many factors that determine what occupation an individual can achieve and NUC University cannot guarantee its graduates a specific job position. Some positions may require licensing or other certifications. We encourage you to research your job requirements and career goals.

The Associate Degree Program in Criminal Justice trains the student in the legal, social and investigative aspects of the criminal justice system so that the law is complied with, safeguarding the rights of victims, witnesses, suspects and accused. Likewise, they will develop skills in the methods and procedures of the investigative, procedural, criminal, ethical-legal areas and in the fields of human conduct. The graduate of this program may act as a law and order agent, summons or correctional officer, among others, in different public or private agencies.
